SURGICAL REPORT

Lot 382

Horse's name: Sacesta (Splendid Bet – Downbytheseaside 2021)
Description: Yearling Bay Standardbred Colt
Microchip: 985100012184518
Owner: Renwick Farms

On 20 January 2023, the above described colt underwent arthroscopic surgery of the right hock for removal of an osteochondral fragment.

A routine dorsal approach was made to the right tibiotarsal joint. A small osteochondral fragment was present at the distal intermediate ridge of the tibia. This was removed and underlying bone was debrided to healthy margins. Portals were closed routinely. The horse recovered well and was discharged with the following directions. Prognosis for racing following surgery is excellent.

Yours sincerely,
