YEARLING SALES REPORT

Lot: 277
Animal: Samtana – Bettor's Delight x Samskara
Stud: PI & PM Renwick Farm
Date: 15 February 2024

The colt stumbled in the paddock and cut the back of the left fore cannon on 2nd February 2024. The wound required stitches and bandaging and been healing very well since treatment.

The colt was re-examined on 15 February 2024. An ultrasound was performed to ensure that the wound did not cause any tendon injury. On ultrasound it was clear that the wound only involves the skin and does not affect the underlying tendons. It should continue to heal very well and scar as a small cosmetic blemish. There is low risk to future racing performance.
